CAREER SUMMARY

Experience 2 years as a Full Stack Developer
Skills .NET 7, Angular 16+, Angular Materials, C#, Git, GitHub, GitLab, HTML, JavaScript, Node, REST API, SCSS, Tailwind CSS, Typescript, Vercel, Visual Studio, VSCode

PROFESSIONAL EXPERIENCE

Hormann North America Sparta, TN
Applications Developer 11/2023 - Current
Technologies: QLIK Sense for Windows, Qlik Cloud, Angular 16, C#, .NET 8, Typescript, HTML, SCSS, REST API

- 1 of 2 developers using Qlik Services to build and maintain reports.
- Implemented use of C# with ASP.NET to build a backend for our warehouse inventory system.
- Utilized Angular 16 to build Frontend UI for warehouse inventory systems.
- Weekly planning meetings to discuss projects and time tables.

Reveal - IPro Remote (Tempe, AZ)
Associate Web Developer - Laid off due to company acquisition. 06/2022 – 08/2023

- Technologies: Angular 14+, Angular Materials, C#, .NET 7, Typescript, HTML, SCSS, REST API, GitLab
- Built and maintained eDiscovery Software used by over 5000 clients.
 - Part of a 6 person team that built new Visual Search Project where MVP was created in less than 6 months
 - Managed code base using GitLab
 - Implemented use of REST APIs
 - Collaborated closely with UX designers to bring their designs to fruition
 - Assisted Backend Engineers creating Controllers and logic to support Frontend

PROJECTS

ASP.NET Core API Project 09/2023
Technologies: .NET 7, C#, MySQL

- This project is for a friend's Chat App. I created the Backend and supplied him with a database and API for his application. There is no frontend for viewing, only a swagger page with the available APIs.

Weather Forecast Application 09/2023

- Technologies: Angular 16, Typescript, HTML, SCSS, Tailwind CSS, REST API
- This is a weather forecast application where a user can enter any location in the United States and receive a 6 day forecast.

Portfolio Page 08/2023

- Technologies: Angular 16, Typescript, HTML, SCSS, AnimeJS, Tailwind CSS
- Developed a responsive online portfolio showcasing web development and design skills, featuring an intuitive user interface and interactive elements
