Summary

Dependable employee seeking opportunity to expand skills and contribute to company success. Considered hardworking, ethical and detail-oriented. I am a talented Web development professional with experience in Angular programming. I will deliver a high-quality product based on client specifications.

Experience

Web Developer
reveal - ipro

Jun 2022 - Present (1 year 4 months)

• Developed responsive and visually appealing user interfaces using Angular, TypeScript, CSS, and HTML, enhancing user experience and optimizing website performance.

• Collaborated effectively within an agile team, participating in daily stand-ups and sprint planning sessions to ensure alignment with project goals and timely task delivery.

• Managed Jira tickets, consistently meeting deadlines and exceeding client expectations by implementing efficient development strategies.

• Demonstrated proficiency in version control by contributing to codebase management on GitLab, ensuring the integrity and maintainability of the project.

• Contributed to code reviews, fostering a culture of continuous improvement and code quality, resulting in reduced bugs and enhanced application stability.

• Successfully integrated APIs to extend application functionality, enhancing user engagement and meeting business requirements.

• Worked closely with UX designers to translate design concepts into functional, interactive web interfaces while maintaining design consistency.

• Adapted swiftly to evolving project requirements, embracing new technologies and tools to maintain a cutting-edge approach to web development.
